IHSAA releases 2023, 2024 football schedules

By JOEL STEVENS ASSOCIATE EDITOR

Fremont-Mills will travel to West Des Moines as part of the "Battle of the Valley Classic" to open the 2023 football season.

The Iowa High School Athletic Association announced the schedules for the 2023 and 2024 football seasons last week. District and group assignments were posted in March following approval of the IHSAA's Board of Control. The 2023 football season will be the first with a socioeconomic factor added for football classifications. Approved this winter by the state board of education, the classification adjustment will reduce 40 percent of a school's free or reduced lunch (FRL) count from their annual enrollment to determine their final classification number.

Class 5A uses a "success model" for its group format and regular season scheduling.

Schools in 2A, 1A, A, and 8-player that do not qualify for the postseason may schedule a ninth game if they desire.

Regular season football schedules are determined by the IHSAA. Regular season schedules for all other IH-SAA sports are determined by member schools and their conferences.

Districts and groups are assigned by the IHSAA, then schools select preferred nondistrict opponents and submit them to IHSAA through a priority list. The IHSAA does make efforts to to align schedules with as many priority list schedule selections as possible, however, opponents and availability were not guaranteed.

Glenwood opens its season hosting Sioux City East Aug. 25. The Rams' schedule includes three playoff teams from a year ago, including Class 3A state champion Harlan and Class 4A state runner up Council Bluffs Lewis Central.

"I believe we'll play one of the most competitive schedules in the state again the next two years," said Glenwood coach Cory Faust. "We love the challenge, and I'm excited to see how high our players can rise to the occasion."

Rams fall in shootout

Van Meter outscored Glenwood 4-2 in the shootout phase to notch the victory in non-conference girls soccer at the Adel-DeSoto-Minburn Tournament this weekend in Adel.

The Rams (2-4) got PK goals from Nora Dougherty and Ava Scott but his the post and saw another potential goal swatted away by the Bulldog goalkeeper. A-D-M scored four of their five shots.

"I was proud of the way the girls played," said Glenwood coach Amy Benson. "We were able to come back and take the lead during the game. Unfortunately, we couldn't score another one to put the game out of reach."

The Bulldogs got on the board in the match first with a goal in the 10th minute. The Rams got the equalizer in the 38th minute when Dougherty's

shot richocheted directly to Scott who put it into the goal. Glenwood would score again with 30 seconds remaining in the first half on a deep shot by

Molly Williams. A-D-M would tie the score at 2-2 in the 50th minute. The score would remain that way through regulation and the 10 minutes of extra time to set up the shootout.

"We definitely had opportunities to score in the second half, but couldn't find a way to get one in," Benson said.

Dougherty and Brielle Allmon had the Rams' shootout goals.

Ram goalkeeper McKenna Koehler had 12 saves in goal.

The Rams won three events but placed in the top three in eight other events to compile 136 points. Atlantic was the runner-up with 113.33 points followed by Council Bluff Abraham Lincoln with 78 points for third.

"This was a meet loaded with talent, by far the most competitive we've had so far this year," said Glenwood coach Jordan Bueltel. "Our goal every meet is to get out there and compete and between the weather and the other athletes at this meet it took a full team effort to be able to win the team title. We won three events, which is great, but in meets with this much talent every place helps add to the point total and it took all of the girls for us to pull it out."

Brooklyn Schultz picked up a gold in the 200-meters and Lauren Hughes in the 800 while the Rams' 4x200 meter relay team of Zoie Carda, Koontz, Danika Arnold and Jenna Hopp placed first with a time of 1:48.75.

Koontz (100-meter dash), Jaylynn Floyd (high jump), and the Rams' 4x400 and 4x100-meter relays were second.

The Rams set seasons best in both the 4x100 and 4x200.

"The girls really went out and competed great throughout the lineup and we have so many girls that are starting to set PRs (personal records) and are getting real close, I am excited to see how the last month or so of this season progresses and see what these girls can accomplish," Bueltel said.

Rams' sprint medley relay medals at Kansas Relays

By JOEL STEVENS ASSOCIATE EDITOR

Glenwood's sprint medley team finished sixth out of 26 teams at this weekend's Kansas Relays at the University of Kansas in Lawrence, Kan.

"It's always a nice opportunity to qualify for big meets like Kansas Relays," Starner said. "The opportunity to run against different opponents in a big feel type meet is really worth attending."

While the Rams qualified in four events in Kansas – Anthony Driscoll-Lee in the 110-meter hurdles, the 4x100-meter, 4x400-meter and the 1600m distance medley relays – and didn't better their times in any of them, Starner said his team wasn't far off.

The weather was warm and windy on Friday and severe weather hit just before the Rams were to run the 4x400 and the meet was postponed to Saturday afternoon.

"Our initial plan was just to run Friday and then head back home after the 4x400 and go with the rest of our team to Sioux City Relays on Saturday," Starner said. But with that meet ending up being cancelled, the Rams decided to stay in Lawrence and run the distance medley and the 4x400-meter relays on Saturday.

"We ran the DMR early Saturday morning, and the weather wasn't too bad," Starner said. But following that event the weather turned and the remainder of the meet was cancelled.

"I give it to our kids, as it's not easy to sit and wait for your next event when it's hours away," Starner said. That much time between events and then having to deal with the weather conditions. I'm proud of our kids in their ability to adapt and stay the course when they easily could have checked it in and said let's just go home.

"Hopefully we'll be better for this experience and be able to utilize what we've learned and apply to a critical situation down the road.

"Despite the continued windy conditions, Bryant ran an extremely gutsy race and left everything on the track," Starner said. "He's an extremely hard worker and competitor. When Bryant runs, you know you're going to always get his best and he's improving with each meet. Once the wind dies down, Bryant is going to drop a lot of all of his longdistance events." 800m run: third place, Jake Shannon, 2:07.54.

"With our schedule the way it was for this week, we will approach the rest of the week trying to improve some events and for Drake and try not to overwork our kids and limit their events."

Anthony Driscoll-Lee had a hand in four gold medals to lead the Rams. Driscoll-Lee won the 110-meter hurdles and the long jump, while running a leg on the winning shuttle hurdle and 4x100-meter relays.

Glenwood coach Mark Starner called the meet "loaded" with talented teams.

"Not only on the sure number of teams, but also the quality of teams," he said. "We limited most of our athletes to just two events and left some events open that didn't help our overall team placement. Our emphasis wasn't to score the most team points possible, as it was more so to get quality events and improve on performances that could potentially help us get closer Anthony Driscoll-Lee added a second-place finish in the 110-meter hurdles while Jake Shannon (800-meter) and the Rams' distance medley relay placed third. The Rams played into the wind the first half but still managed to fire off 17 shots – 10 on goal – and to take the lead into intermission. The second half flip saw the wind help the Rams dominate the second half attack.

"We talked about making a few adjustments, but most of those adjustments were just working on our placement of shots," said Glenwood coach Amy Benson of her halftime conversation. "We also talked about coming out with lots of intensity.

Nora Dougherty led the Rams with three goals. Molly Williams, Brielle Allmon and Jaylynn Floyd added goals.

"I was pleased to get another win," Benson said. "Each of our opponents in our first four games were ranked. This was the first unranked opponent we have faced. We have had a pretty tough schedule thus far. The girls have worked really hard to improve at practices and each game."

McKenna Koehler had the clean sheet and recorded five saves.

Comments from Public -

Staiert, a former Board of Education member, spoke and expressed a eful thank you to the Board of Education for what they do for the Glenwood D. She specifically expressed appreciation concerning current situations and

fact checking for issues at hand in making Glenwood CSD the best it can be, especially in challenging times. Kris Lappala spoke on behalf of more than thirty community members, par-

ents, and business owners to thank and congratulate the Board of Education on their swift action to retain Activities Director Jeff Bissen. He also expressed continued concern related to the attrition of teachers and staff of the district, specifically the high school. He indicated that community members, parents and business owners look forward to hearing the results of the high school culture and climate study that is currently in progress. He indicated that the mission remains 1. Support the Teachers and Staff as valued and respected members of the District and Community and 2. To do what we can to make all the schools in the Glenwood CSD the best example of what public education has to offer in the State of Iowa.

6B. Comments from Board of Education – Director Elizabeth Richardson briefly reported on the National COSSBA Conference that four Board of Education members, Superintendent Dr. Devin Embray and Chief Financial Officer / Board Secretary Treasurer Tim Reinert attended from March 29, 2023, to April 2, 2023. Additional information will be discussed at the April 24, 2023, Special Meeting and Work Session.

Board of Education President Matt Portrey provided a summary of the rel-evant details concerning the retention of Activities Director Jeff Bissen, who elected to stay in Ram Country to support students, families, the community; and contribute to the mission, success and growth of the district. Mr. Bissen was offered a position at Harlan Community School District, his hometown and high school alma mater. To retain Mr. Bissen a compensation package was put together that increased his compensation package by approximately \$10,000 and clarified on-going job responsibilities. Mr. Bissen agreed to the new FY24 contract terms, declined the offer from Harlan CSD and elected to remain in Glenwood.

BOE President Portrey also addressed public concerns relating to the Glenwood Community School Districts property tax levies. At the April 4, 2023, Mills County Supervisors Tax Assessment Meeting, certain information was inaccurately communicated by County Officials. The districts property tax rate has remained consistent in the range of \$15 to \$16 dollars per thousand of assessed value over the past five years, FY19 to FY23. The percentage of the Glenwood City Consolidated tax rate that is attributable to the district has also remained in a tight range between 37% and 40% for these years. The percentage is approximately one percent under the K12 Schools state average for each fiscal year referenced. Property tax levied is used to support students & teachers, maintain facilities, implement technology improvements, and

provide other resources necessary to fuel continued successful growth. 6C. Legislative Update – Superintendent Dr. Embray provided a legislative update to the BOE. The recently passed Transparency and Bathroom bills were discussed and explained.

6D. Presentations - None

6E. GRC Campus Closing Update - Superintendent Embray provided an update on planning discussions relating to the GRC closing, master site plan and facilities. At this point the school district's involvement will be very limited due to the smaller than anticipated developable area identified by the master plan for the campus and the various other constraints being imposed by the . State of Iowa
